Efficiency Alliance)

Bangalore, India

What is the Alliance to Save Energy?

- ***The Alliance to Save Energy promotes energy efficiency worldwide for a healthier economy, a cleaner environment and greater energy security.***
 - Non-profit organization founded 1977
 - Board co-chairs: **Senator Jeanne Shaheen (D-NH)** and **Peter Darbee, President and CEO of Pacific Gas and Electric**
 - 10 Members of Congress – Bi-Cameral; Bi-Partisan
 - Environmental, consumer, and trade associations leaders; state and local policy makers; corporate executives

Business ▪ Government ▪ Public Interest

- More than 170 Alliance Associates
- All 50 states and 115 foreign countries
- Business leadership representing \$1.5 trillion in revenue

- **Three business lines**
 - Policy analysis & advocacy
 - Program development & delivery
 - Public information (campaigns, events)
- **Associates involvement**
 - Policy and Programs Committee
 - International Committee
 - Project co-sponsorship

- Zero Energy Commercial Buildings Consortium (www.zeroenergycbc.org)
- Superior Energy Performance and US Council for Energy-Efficient Manufacturing
- Building Codes Assistance Project (BCAP)
- Energy-Efficient Codes Coalition
- Efficient Windows Collaborative
- Green Schools and Green Campuses
- Public Power: Clean and Efficient Energy Program (CEEP)
