Dear Speaker Pelosi, Majority Leader Schumer, Republican Leader McConnell and Republican Leader McCarthy:

The undersigned organizations publicly support the Integrity, Notification, and Fairness in Online Retail Marketplaces for Consumers Act (INFORM Consumers Act). It is imperative the legislation is included in the final version of the National Defense Authorization Act (NDAA) for Fiscal Year 2023. The INFORM Consumers Act will modernize consumer protection laws to better safeguard American families, communities, employees, and consumers from the sale of counterfeit and stolen products.

This common-sense legislation is critical in helping law enforcement, manufacturers, retailers, and online marketplaces of all sizes work together to protect consumers from bad actors peddling counterfeit and stolen goods. The INFORM Consumers Act will combat these criminal actors by increasing transparency and accountability by requiring sensible verification and disclosure requirements designed to disrupt their ability to sell illicit goods. These criminal transactions compete directly with legitimate businesses, retailers, and emerging entrepreneurs. The sales lost due to these illicit activities mean fewer jobs and wages in states, cities, and towns across the country.

The INFORM Consumers Act will help keep Americans safe by mandating verification of a seller's identity as a deterrent to the sale of stolen and fake goods by criminal networks misusing online marketplaces while also protecting the privacy of the smallest sellers. Additionally, enacting this legislation will also provide law enforcement with additional tools to stop and prosecute these criminal rings from selling illicit goods and who are putting retail workers and customers in harm's way.

While our respective organizations represent a diverse group of industries and interests, we are singularly united in putting the safety and well-being of our members, customers, and employees first. We urge you to include the INFORM Consumers Act (Cassidy/Durbin Amendment 5511) in the final version of the NDAA.

Thank you for your consideration and we look forward to working with you on this important matter.

Sincerely,

1st Dibbs
